

For Radio Amateurs
April 30th 2016

PerthTech is a one-day symposium for Amateur Radio enthusiasts, where you will experience presentations on interesting subjects by people with expertise in their field.

Date: Saturday 30th April 2016

Venue: Bayswater Hotel, 78-80 Railway Parade, Bayswater (Opposite the Bayswater Train Station)

Time: 0845 to 1700

Cost: \$20 per head. Includes morning and afternoon tea.

Speakers include

Phil Harman, VK6PH talks about Critically Coupled Antennas, and Phil Wait, VK2ASD, President of the WIA will talk about the Institute . You'll also hear about current Digital Radio developments in W.A, Allstar networking and more.

There will be time for participants to mingle with each other and the presenters. Here's a chance for you to mix socially with other Amateurs and learn some interesting stuff along the way.
